

HANNAH DENFORD

LOCATED IN BRIGHTON, UK

PORTFOLIO

I'm a photographer and videographer based in Brighton and London, UK!

I specialise in concert photography, and imagery for musicians, and also do event and venue photography.

I have been photographing for ten years, I started in Wildlife Photography, which resulted in two awards from the British Wildlife Photography awards in 2015+ 2017.

I also completed GCSE and A level photography, with an A in my A level!

I have been photographing gigs and musicians for around a year now, but have really found my feet in the Brighton music scene through experimenting with style and meaning behind my images.

I study music business at Waterbear College of Music, and I'm in my second year of University here, which really supports me with my understanding of my photography business and how to market myself effectively.

ABOUT ME

PERSONAL SKILLS

-I am a creative and have been my whole life, which has allowed me to not just take a photographic approach to my photography, but an innovative one. I look for angles that haven't been taken before, through my editing techniques, the display of my images, and what you can feel from my imagery. I'm also not afraid to try new things, and execute new multi-media ideas and develop my style further.

-I have over ten years experience in using a camera, allowing me to have a strong understanding of the settings, the camera, and what it's capable of. I have used several different cameras for different focal subjects and applied my knowledge to ensure whatever the subject, the technique, the aim- I can capture it to the highest standard. Whether it be an animal, a gig, a venue, portraits- knowing and applying the theory will always be effective.

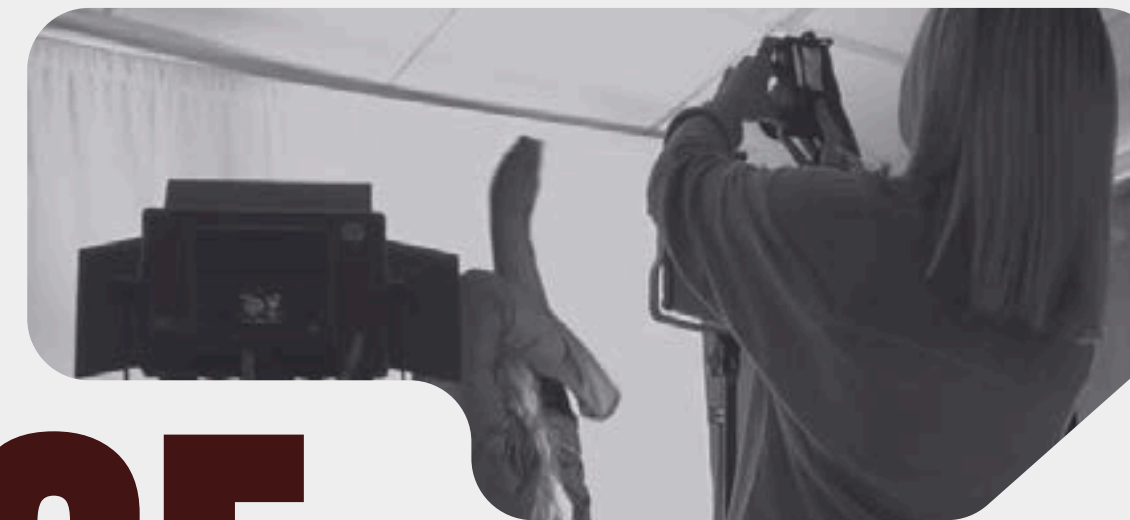

WITH ARTISTS

I have worked with over 15 musicians and bands in less than a year, with 5 artists come back and work with me with other projects. I handle the communication, the finance, and the goals of my clients to ensure our visions align for their projects, and that the final result will be what they asked for, to the highest standard., within their budget.

WITH VENUES + EVENTS

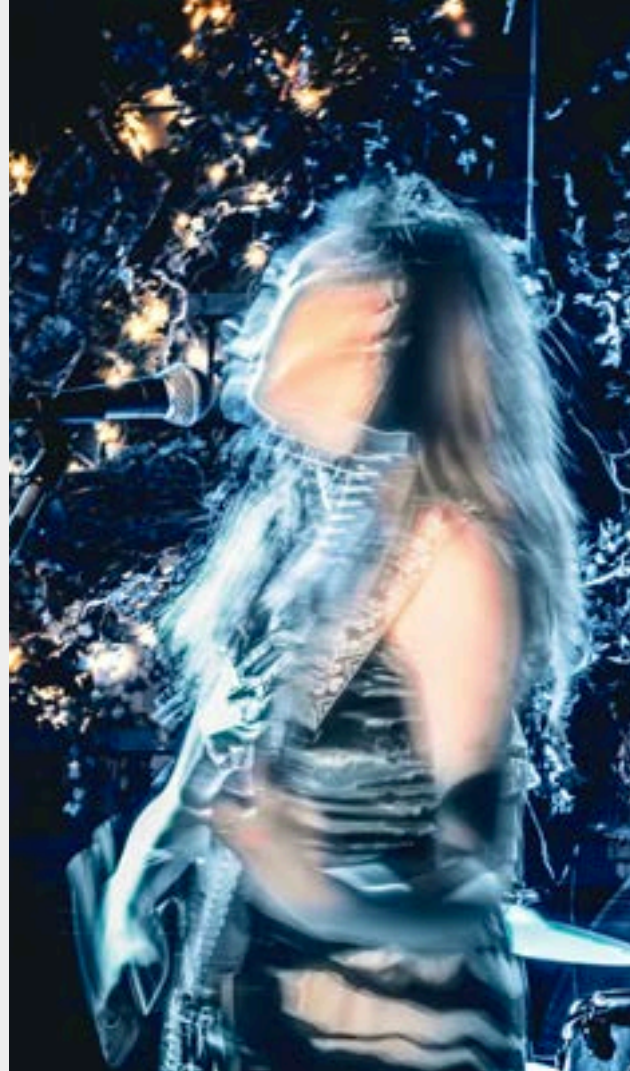

I have worked with two companies for events local to Brighton, at Revolution, and for Crushed, both being club night events. I was involved in capturing the energy and the enjoyment in the room, showing the success of the events and the atmosphere and community the nights held.

I have taken images of my workplace for venue images for the website, and also have shot at a pub in Pirbright. I captured the luxury of the interior and exterior of the pub, reflecting the premium service you receive when visiting.

CLIENTS SAY

Niamh O'Leary

-“Hannah was incredibly professional, immediately put me at ease during our shoot
-She had the perfect combination of guiding the shoot and letting me have creative control!
-The images and videos came so quickly and they were amazing quality
-Hannah is such a great person to work with and I've already recommended her to all my creator friends!”

Luvd Band

-“We were so grateful for Hannah's amazing level of professionalism and the quality of work
-Hannah was quick to deliver, she was a great photographer managing to move around to loads of different positions and angles for our photos as well as being subtle that she did not interfere with the crowd.
-The quality of the pictures, the colour grading as well as mix of angles and ability to capture the energy of the room made it some of the best work photos we've received.
-We would highly recommend Hannah to anyone in need of photography!”

Donmargomusic

“Hannah was great to work with;—very encouraging and understanding for my first time being photographed
-helped me feel comfortable and confident during the session
-The whole process before and after was simple and Hannahs communication throughout was always clear and speedy
-I'm very happy with the photos and edits as they were all a great quality
-I'd highly suggest working with Hannah to everyone I know in need of photos!”

Benji's Green Rubber Band

-From the very start Hannah was early to the session and incredibly friendly, passionate and knowledgeable telling us where to stand and what would look best in the shoot
-She had a range of camera gear and was super talented at how she could use them to maximise each shot!
-During the band practice shoot, we had hundreds of photos of us just playing and laughing to each other!
-The quality of photos was outstanding and the range of edit styles that have been done for us such as high quality shots!
-On top of all of this we got a smashing long form video of us at the shoot and during the session!
-All this came to such a reasonable price and I have recommended Hannah for every opportunity that comes my way!!!”
